Education

Dronacharya College of Engineering *Oct 2022 – Jun 2026*
B.Tech in Computer Science
- CGPA: 7.64/10.0

Experience

AI Development Intern *Remote, Bangalore*
Yahweh Software Solutions *June 2025 – Present*
- Actively involved in technical planning and drafting the Software Requirements Specification (SRS) for a personalized AI career counselor chatbot being developed from scratch.

Software Developer Intern *Noida, IN*
Agratas Infotech *June 2024 – Sep 2024*
- Built modular backend flows in Django and improved frontend performance by 25% via API optimizations and refactored legacy code, reducing backend complexity by 40% and enabling scalable testing.
- Led a 4-member contributor team introduced code reviews and GitHub Projects for structured workflow and integrated secure validations and responsive UI for internal business dashboards.

Projects

Meditbot *Github Link* ↗
- Engineered a factual, hallucination-free medical assistant using LangChain, Mistral-7B, FAISS, and Streamlit
- Implemented RAG architecture for real-time semantic retrieval and LLM-backed response generation
- Tech Stack: Python, LangChain, Mistral, FAISS, Streamlit

Smart Mail System *Github Link* ↗
- Designed a practical, data-driven email management assistant to streamline communication and enhance productivity for users.
- Implemented content analysis and structured data extraction for real-time email processing and notification
- Tech Stack: Python, Gemini API, Gmail API, beautifulsoup, Google API Client, UltraMsg

Technologies

Programming Languages: Python, C++, R,
Database: MySQL
Libraries/Frameworks: Django, Flask, Scikit-Learn, Numpy, Pandas, Matplotlib, OpenCV
Tools/Technologies: FASTApi, HuggingFace, Git

CourseWork

Coursework : Data Structures and Algorithms, Python Programming, Introduction to Data Science, Intorduction to MongoDB, Computer Vision and Deep Learning, Machine Learning

Achievements

Analytica : Finalist IIT Indore's Analytica National ML Competition (April 2024)
PCI : Finalist PCI Coder Battle (Jan 2024)
IDE : Finalist IDE Bootcamp (Jun 2023)
